GENERATION

Tuesday, March 13
6:00 – 8:30 pm

In celebration of International Women's Day, we cordially invite you and your adult daughter or a female mentee to join us for a conversation about how we unlock opportunities to help our next generation of women leaders advance and flourish.

Our theme is Mind the Gap. We'll facilitate a discussion with leaders who are closing gaps in C-suite and board representation, in pay, and in policies that level the playing field in hopes of building organizations with richly diverse leadership.

We're highlighting women with the "XX" in neXXt to put us in the middle of the future we're working to build.

We hope you'll join us!
