

UNITED STATES COURT OF INTERNATIONAL TRADE

BEFORE: THE HONORABLE RICHARD K. EATON, SENIOR JUDGE

FREESTYLE WORLD, INC., on behalf of
itself and all others similarly situated,

Plaintiff,

v.

U.S. CUSTOMS AND BORDER
PROTECTION; *et al.*,

Defendants.

Court No. 26-01088

**DECLARATION OF BRANDON LORD
RESPONDING TO AUGUST 27, 2026 COURT ORDER**

I, Brandon Lord, pursuant to 28 U.S.C. § 1746, and based upon my personal knowledge and information made known to me in the course of my employment, hereby make the following declaration with respect to the above-captioned matter:

1. I am the Executive Director, Trade Programs Directorate, Office of Trade, U.S. Customs and Border Protection (CBP), a position I have held since July 2022. In my role, I lead CBP's strategic efforts to enforce and protect the revenue, including the implementation of tariff measures under Section 232 of the Trade Expansion Act of 1962 and the International Emergency Economic Powers Act (IEEPA). I lead the administration of priority international trade issues, including Tariffs and Trade Remedies, Intellectual Property Rights, Free Trade Agreements, Import Safety, Textiles and Antidumping and Countervailing Duties. Previously, I served as the Acting Executive Director for Trade

Policy and Programs, Office of Trade, from March 2021 until November 2021, and as the Deputy Executive Director for Trade Policy and Programs, Office of Trade, from November 2017 until July 2022.

2. CBP has developed a new capability within its system of record for imported merchandise — the Automated Commercial Environment (ACE) — to calculate and provide valid refunds of additional *ad valorem* duties imposed under IEEPA. This new ACE functionality is called the Consolidated Administration and Processing of Entries (CAPE).
3. The first phase of the CAPE functionality became available for use by importers and their brokers in ACE at 7:11am eastern time on Monday, April 20, 2026. As of 3pm eastern time on Friday, September 11, 2026, 286,044 CAPE declarations have been submitted, of which 201,293 CAPE declarations passed the file validations.¹ The primary reasons that CAPE declarations fail the file validations are: (1) Importer of record or filer mismatches on CAPE declarations, (2) Entry Number validations (e.g., entry number is incorrect length; entry number does not exist), (3) .CSV file not in alignment with the template published in the ACE portal.
4. As of 3pm eastern time on Friday, September 11, 2026, (a) the CAPE declarations that passed the file validations cover 27.2 million entries;² (b) 19.94 million of the accepted entries have subsequently been liquidated and/or reliquidated without IEEPA duties; and

¹ Please refer to ¶3.a of my declaration filed March 12, 2026, also included as Exhibit C to my declaration filed August 4, 2026, for a description of the file validations performed by the CAPE functionality after a CAPE Declaration is submitted.

² The figure in ¶4(a) reflects the total number of entries submitted on a CAPE declaration that have passed the file validations. Acceptance of these entries for further processing in CAPE is dependent on whether the entry passes the entry specific validations. Please refer to ¶3.b of my declaration filed March 12, 2026, also included as Exhibit C to my declaration filed August 4, 2026, for a description of the entry-specific validations performed by the CAPE functionality after a CAPE Declaration successfully passes the file validations.

(c) 6.1 million entries included on CAPE declarations failed the entry level validations for the following primary reasons: the entry date is past CBP's 90 day re-liquidation authority, the entry does not contain a Chapter 99 Harmonized Tariff Schedule number used to assess IEEPA duties, or the entry was already filed on a prior CAPE declaration.

5. As of 3pm eastern time on Friday, September 11, 2026, approximately \$134.7 billion in both potential and certified refunds have been accepted for processing in CAPE. Of this total amount, refunds (duties plus interest) of approximately \$122 billion have been completed using the CAPE Refund component³ certified by the agency, and sent to the U.S. Department of Treasury ("Treasury") for disbursement. CBP's financial accounting system receives updates from Treasury that indicate these CBP certified refunds are being regularly dispersed. CBP continues to review and finalize the outstanding potential refunds via CAPE's Review and Liquidation/Reliquidation component.⁴
6. As of 3pm eastern time on Friday, September 11, 2026, 20,184 refunds, totaling approximately \$1.3 billion have not been transmitted to Treasury because Automated Clearing House account information has not been provided by the importer of record or its authorized CBP Form 4811 designee.
7. At 5am eastern time on Monday, June 29, 2026, CBP successfully deployed new CAPE functionality for use by importers and their brokers in ACE. This new functionality permits importers and their brokers to include entries on a CAPE declaration that are unliquidated (or that have liquidated within the preceding 80 days) and that were flagged for reconciliation, but for which no Reconciliation Entry (Entry Type 09) has been filed.

³ Please refer to ¶9 of my declaration filed March 12, 2026, also included as Exhibit C to my declaration filed August 4, 2026, for a description of the CAPE Refund component.

⁴ Please refer to ¶7 of my declaration filed March 12, 2026, also included as Exhibit C to my declaration filed August 4, 2026, for a description of the CAPE Review and Liquidation/Reliquidation component.

8. CBP will deploy CAPE Phase 3, which covers finally liquidated entries filed by plaintiffs for which the Court has ordered reliquidation, on October 6, 2026. Plaintiffs who submitted a valid importer of record number to CBP by July 30, 2026, will be able to file CAPE declarations for Phase 3 as of October 6, 2026. CBP will provide additional instructions regarding CAPE Phase 3 to the plaintiffs who provided an importer of record number after July 30, 2026.

I declare that the foregoing is true and correct to the best of my knowledge, information, and belief.

Executed this 15th day of September, 2026.
